Important information

*The gross rate is the rate payable without any tax taken off. Credit interest on all our accounts is paid gross.

You may need to pay tax to HM Revenue & Customs if the total interest you earn is greater than your Personal Savings Allowance. Visit www.gov.uk/apply-tax-free-interest-on-savings for more details.

Annual Equivalent Rate (AER) illustrates what the interest rate would be if interest was paid and compounded once each year.

Tax free is the contractual rate of interest payable where the interest is exempt from income tax. The favourable tax treatment for ISAs could change.
