### How to keep track of your account

Statements are produced in January and July, and we will email you to let you know your statement is available in Internet Banking. You can also contact us to request an up to date statement at any time, free of charge.

### Flexible ISA

This is a flexible ISA which means you can take money out and put it back in later, without it counting further towards your annual ISA allowance, as long as you pay the money back in before the end of the same tax year.

### ISA Transfers

If you already have an ISA with another provider you can transfer some or all of it to your Online Cash ISA without losing its tax-free ISA status. Information on how to do this is available [here](#).

**It is important you do not move funds out of an ISA yourself because your money will lose its tax-free ISA status. To maintain the tax free status on your money you should always complete an ISA transfer request.**

Alternatively you can transfer the funds from this ISA to another ISA provider at any time. Your new provider will be able to explain the process to do this.

### If you change your mind

If you change your mind about having an Online Cash ISA you can cancel it within 30 calendar days of opening the account. This won't affect your annual ISA subscription limit so you will still be able to pay your ISA allowance into another ISA in this tax year. We will pay you interest for the period your money was invested with us. To do this please send us a secure message through Internet Banking.
